OBJECTIVE

I aim to contribute to a dynamic development team as a Full Stack Developer, utilizing my skills in MERN stack development and a strong foundation in computer engineering principles.

EDUCATION

Bachelor of Engineering in Computer Engineering   2023 – Pursuing
V. V. P. Engineering College, Rajkot | Gujarat Technological University   CPI : 8.65

Diploma in Computer Engineering   2020 – 2023
A. V. Parekh Technical Institute, Rajkot | Gujarat Technological University   CGPA : 9.45

Class X   2018
Krishna Secondary School, Keshod | GSEB Board   Percentile Rank : 93.97

PROJECTS

School Attendance Management System | (MERN Stack)
Developed and deployed a barcode-based student attendance system with real-time tracking. Integrated WhatsApp API to send instant notifications for absent students. The system is live and operational.

Go Event - Event Certificate Generation | (MERN Stack)
This project enables the creation and management of event certificates digitally with no technical skills.

Jobify - A Job Portal | (MERN Stack)
Developed a dynamic job portal connecting candidates with employers, enabling seamless job applications and efficient job posting.

ACHIEVEMENTS

Department Main Coordinator - TechFest 2025
As Department Main Coordinator for SHAURYA 2K25, a state-level TechFest, I achieved the successful leadership and management of five major events, ensuring smooth execution and robust participation.

Secured 2nd rank - Design Engineering Project
Secured 2nd rank as a team for the Design Engineering Project "Vehicle GPS System", May 2024.

Secured 3rd rank - Event Certificate Generation Project
Secured 3rd rank as a team for the "Event Certificate Generation" project during Diploma in Computer Engineering, May 2023.

EXPERIENCE

Teaching Assistant   June 2023 –
Computer Subject | Krishna Secondary School, Keshod   November 2023

SKILLS

Technical Skills
- JAVA | HTML | Bootstrap
- MongoDB | ExpressJS | ReactJS | NodeJS

Soft Skills
- Leadership
- Business Communication
